SUMMARY

UI / Frontend Developer with 2+ years of experience building responsive, scalable, and visually consistent web applications using HTML5, CSS3, JavaScript, and React.js. Skilled in pixel-perfect Figma-to-UI implementation, mobile-first development, cross-browser compatibility, and reusable component architecture. Passionate about clean UI structure, usability, and performance optimization.

TECHNICAL SKILLS

Frontend Development:	HTML5, CSS3, JavaScript (ES6+), React.js
Styling & UI Frameworks:	Bootstrap, Tailwind CSS, Material UI, SASS, CSS Variables, Flexbox, CSS Grid
Design Implementation:	Pixel-Perfect Figma to UI Conversion, Responsive Layout Design, Design Systems, UI Component Architecture
Tools & Workflow:	Git, GitHub, Bitbucket, VS Code
Design Tools:	Figma, Canva, Adobe XD
Core Concepts:	Mobile-First Development, Cross-Browser Compatibility, UI/UX Best Practices, Accessibility

WORK EXPERIENCE

Frontend Developer

March 2025 - Present

Alif InfoTech - Hyderabad

- Developed and maintained enterprise web application UI for AMS (Asset Management System) and WMS (Warehouse Management System).
- Built structured UI modules including dashboards, forms, reports, and large data tables.
- Designed tables with pagination, search, and filtering functionality.
- Implemented responsive layouts using Bootstrap, Flexbox, and CSS Grid.
- Integrated backend APIs and ensured accurate data rendering.
- Maintained consistent design system (spacing, typography, color) and ensured pixel-perfect implementation across modules.
- Optimized UI performance and improved usability across enterprise modules.
- Followed Agile methodology and Git-based workflow practices.

Web Designer / Frontend Developer

Oct 2024 – Dec 2024

Royal IT Park Services - Hyderabad

- Designed and developed fully responsive business and eCommerce websites.
- Implemented product listing, cart, and checkout UI flows.
- Converted Figma mockups into pixel-perfect, SEO-friendly web pages.
- Applied mobile-first design principles for device compatibility.
- Improved visual hierarchy and layout consistency to enhance user engagement.
- Coordinated with backend teams for smooth feature integration and deployment.

Frontend Developer

Mar 2023 – Sep 2024

VS Technosolutions - Hyderabad

- Developed responsive web applications using HTML5, CSS3, and JavaScript.
- Built UI modules including forms, dashboards, and admin panels.
- Implemented mobile-first layouts using Bootstrap, Flexbox, and CSS Grid.
- Ensured cross-browser compatibility across major browsers.
- Collaborated with backend developers to integrate APIs and align workflows.
- Maintained clean, reusable, and well-structured code following best practices.
- Improved UI consistency by standardizing spacing, typography, and layout structure.

PROJECTS

MAHAL – B2B Web Platform (Ongoing)

Tech Stack: React.js, REST APIs, Bootstrap

- Developed scalable and reusable React.js components and managed component state efficiently using Hooks (useState, useEffect).
- Implemented client-side routing for structured navigation and seamless user flow.
- Integrated REST APIs using Axios and handled loading/error states effectively.
- Designed responsive UI using Bootstrap and mobile-first principles.
- Focused on clean layout structure, visual hierarchy, and smooth navigation.

AMS – Asset Management System

Tech Stack: HTML5, CSS3, JavaScript, Bootstrap

- Designed and developed complete UI modules for asset tracking and reporting workflows.
- Built dashboards, forms, and large data tables with filtering and pagination.
- Ensured consistent spacing, typography, and UI structure across modules.

WMS – Warehouse Management System

Tech Stack: HTML5, CSS3, JavaScript, Bootstrap

- Developed UI for inventory management and operational dashboards.
- Created reusable UI components for forms and data tables.
- Applied responsive layout principles for seamless usability.

EDUCATION

B.Tech – Civil Engineering

SCSVMV University, Kanchipuram, Tamil Nadu

June 2018 – April 2022

- CGPA: 9.0 / 10
